To whom it may concern:

It gives us great pleasure to provide a letter of reference for the **Office of International Accreditation** of the **Universidad Autónoma de Nuevo León** in Monterrey Mexico. ASIIN (Accreditation Agency for Degree Programmes in Engineering, Informatics, Natural Sciences and Mathematics) as an international quality assurance agency has conducted three accreditation procedures at UANL during the past two years. From our experience, we gladly confirm that the Office of International Accreditation at UANL has

- Effectively supported the preparation and organization of the accreditation procedures, including the compilation of the self-assessment reports and the timetables.
- Professionally coordinated the communication between UANL and the ASIIN office.
- Successfully helped to find suitable national student representatives for the expert groups.
- Optimally supported the travel planning and accommodation arrangements of the expert groups.
- Effectively organized the on-site visits in Monterrey and has provided the expert teams with all necessary and requested information.

In general, ASIIN is very satisfied with the services provided by the Office of International Accreditation of the Universidad Autónoma de Nuevo León.

On behalf of ASIIN

A handwritten signature in black ink, appearing to read "Iring Wasser". The signature is written in a cursive style with a large initial "I" and "W".
